The undersigned, duly authorized to represent the Brand, hereby confirms the authenticity and accuracy of the Life Cycle Analysis (LCA) data submitted to Lock Two Three. This LCA data relates to the total electricity consumption in megawatt hours (MWh) within the Brand's value chain that is directly attributable to activities conducted to provide goods and/or services to the Brand.

The Brand affirms that the submitted LCA has been conducted in accordance with relevant standards and best practices, reflecting a comprehensive assessment of the Brand's allocated portion of electricity consumption. The Brand acknowledges its responsibility for ensuring the integrity of the data provided and its relevance to the Brand's decarbonization efforts as they relate to value chain Scope 2 emission reductions, reflected in the Brand's Scope 3.

Furthermore, the Brand agrees to indemnify and hold harmless Lock Two Three and its affiliates from any losses, claims, damages, liabilities, or expenses that may arise from inaccuracies, errors, or omissions in the LCA data provided, irrespective of whether these inaccuracies or omissions occurred inadvertently or deliberately.

This attestation supports the Brand's commitment to transparency and accuracy in reporting decarbonization efforts and forms a part of our application for the Lock Two Three LockStatement.
